CAREER OBJECTIVE

With a passion for modern front-end development and strong skills in React and responsive design, I am eager to apply my technical expertise and leadership abilities to contribute effectively in a dynamic environment that values innovation and continuous growth.

SKILLS

Front-End Technologies

- **React.js:** Skilled in creating component-based UIs, managing state, and building responsive applications.
- **JavaScript, HTML, CSS:** Strong foundation in JavaScript for interactive functionality, with HTML and CSS for structured and styled layouts.
- **Responsive Design:** Expert in crafting adaptable layouts that function seamlessly across all device sizes.

Back-End Technologies

- **Node.js & Express.js:** Familiar with building server-side logic, setting up RESTful APIs, and managing server requests.
- **MongoDB & Mongoose:** Understanding of database modeling and querying for efficient data handling.

Frameworks/Libraries

- **Tailwind & DaisyUI:** Proficient in using utility-first frameworks for fast, responsive UI development.
- **MumbyUI & Folybyte:** Experience with UI libraries to enhance application consistency and user experience.

Development Tools

- **Git & GitHub:** Skilled in version control and collaboration on coding projects.
- **Visual Studio Code:** Extensive use of VS Code for an efficient coding workflow and extension integration.

Additional Knowledge

- **UI/UX Design Principles:** Basic understanding of designing intuitive, user-friendly interfaces.
 - **APIs & JSON:** Experience with API integration and handling data in JSON format.
 - **Axios & JWT:** Familiarity with HTTP requests using Axios and basic JWT for user authentication.
-

PROJECTS

ProLance – Freelance Service Marketplace Platform

Team Project | Duration: 7 Weeks

[Live](#) | Source Code: [Client](#) | [Server](#)

- **Features:**
 - **Gig & Job Listings:** Users can create, edit, and manage freelance service listings dynamically.
 - **Real-time Messaging:** Integrated Socket.IO for instant messaging, enhancing communication between clients and freelancers.
 - **Payment Tracking:** Interactive charts to visualize payment history and manage financial records.
 - **Role-Based Access Control:** Custom roles for admins, sellers, buyers, and general users to maintain security.
 - **Skills & Technologies:**
 - Frontend: React.js, Tailwind CSS, Folybyte, Axios, React Chart.js, React Hot Toast.
 - Backend: Node.js, Express.js, MongoDB, Mongoose, Socket.IO.
-

Tourist Navigator – Travel Planning & Booking Platform

[Live](#) | Source Code: [Client](#) | [Server](#)

- **Features:**
 - **Detailed Destination Information:** Provides in-depth information on popular travel destinations, including local attractions and hidden gems.
 - **Booking System:** Streamlined booking for excursions, guided tours, and packages.
 - **Responsive Design:** Fully optimized for desktop, tablet, and mobile views to enhance usability.
 - **Social Media Sharing:** Allows users to share travel plans and itineraries on major platforms.
 - **Skills & Technologies:**
 - Frontend: React.js, Tailwind CSS, DaisyUI, Responsive Design, Axios.
 - Backend: Node.js, Express.js, MongoDB.
-

Repair Zone – Home Appliance Repair Services Platform

[Live](#) | Source Code: [Client](#) | [Server](#)

- **Features:**
 - **Product Listings:** Dynamic, real-time showcase of available repair services and products.
 - **User Feedback Display:** Collects and displays customer reviews and ratings for transparency.
 - **Responsive Design:** Designed for optimal usability on all devices, ensuring ease of access.
 - **Skills & Technologies:**
 - Frontend: React.js, Tailwind CSS, DaisyUI, Responsive Design, Axios.
 - Backend: Node.js, Express.js, MongoDB.
-

EDUCATION

- **Bachelor's Degree in Electrical Engineering**
 - **Complete Web Development Course – Programming Hero**
Session: December 2023 - June 2024
[Certificate](#)
-

LANGUAGE PROFICIENCY

- **Bengali** (Native) | **Hindi** (Comfortable) | **English** (Fluent)
